

**A2H**

AI chatbots, CRM, websites and growth

Service Agreement

Effective October 4, 2026

PROVIDER**A2H**

Abbas Hussain and Haider Hussain, Co-Founders

CLIENT**HA Health**

Attn: Mo, Sultan, Eddie, Zachrie

In short: A2H built your website, CRM and AI chatbot, and runs your chatbot, ads and SEO. You pay a one-time build fee and a monthly fee. It is month to month and either side can cancel with 30 days' notice. You keep your content and contacts. We do not promise specific rankings, leads or revenue.

1 Services and fees

ITEM	FEE
Website, CRM and AI chatbot build (completed)	\$500 one time
AI chatbot: hosting, upkeep and support	\$175 / month
Ads service + SEO: ad management, SEO, AI-search optimization, monthly report	\$350 / month

The first month of the AI chatbot is free. Monthly fees total \$525 and are billed on the 1st of each month in advance, starting November 1, 2026. Invoices are due net 7 days. Balances more than 10 days late may lead to suspension of services until paid.

2 Ad spend

Advertising budget is paid by Client directly to the ad platforms (Meta, Google) and is not part of A2H's fees. Client owns the ad accounts and sets the budget. A2H will not spend beyond the budget Client sets.

3 No guarantees

SEO, AI-search (ChatGPT, Perplexity, Google AI Overviews) and advertising results depend on factors outside A2H's control, including search engines, platform policies and competition. A2H does not guarantee rankings, citations, traffic, leads, patients or revenue.

4 Health information and compliance

4.1 The chatbot and CRM are for general inquiries and lead capture (name, contact details, reason for contact). Client will tell visitors not to enter medical details or emergencies in the chatbot, and to call 911 in an emergency.

4.2 A2H does not handle protected health information (PHI) under this agreement. If Client wants PHI in any system, the parties will first sign a Business Associate Agreement and move to vendors that support one. Client is responsible for its own HIPAA, advertising and medical-marketing compliance, including the accuracy of claims in ads and site content. A2H will follow Meta and Google health-advertising policies but cannot guarantee ad approval.

4.3 A2H uses reasonable safeguards (encryption in transit, role-based logins, limited access) and will notify Client promptly if it learns of unauthorized access to Client's data. No system is risk-free, and A2H cannot promise that a breach will never occur.

5 Ownership and data

Client owns its website content, branding, domain, ad accounts, contacts and chat records. A2H owns the CRM and chatbot platform, software, prompts and templates, and gives Client the right to use them while this agreement is active. On request, A2H will export Client's contacts and chat records within 14 days of cancellation and delete remaining data within 60 days.

6 Payment

Pay by Zelle to **(832) 743-3676**, with the invoice number in the memo. Invoices are due net 7 days.

7 Term and cancellation

This agreement is month to month. Either party may cancel with 30 days' written notice (email is fine). There is no cancellation fee. Fees already paid are not refunded, except as required by law.

8 Client responsibilities

Client provides accurate business information, photos and approvals in a timely way, and keeps its accounts and payment methods current. Client is responsible for lawful use of the tools, including consent for marketing messages and recordings.

9 Limits on liability

Services are provided "as is." A2H is not liable for lost profits, lost patients or revenue, or indirect or consequential damages. A2H's total liability is limited to the fees Client paid in the 3 months before the claim. A2H is not responsible for outages of third-party providers beyond its reasonable control.

10 Confidentiality and general terms

Each party keeps the other's non-public information confidential. Texas law governs this agreement. It is the entire agreement between the parties and may be changed in writing (email is fine). If a clause is unenforceable, the rest still applies. Electronic signatures count.

Signatures

By signing, both parties agree to the terms above. Both A2H co-founders and one authorized person from HA Health sign below.
